RE: ACSRC, LLC Proposal

Dear USCIS Adjudication Officer:

The ACSRC, LLC ("Company") respectfully submits the following attached documents for a proposed ACSRC, LLC ("ACSRC") Regional Center under the EB-5 Immigration Program (8 U.S.C. §1153(b)(5), 8 C.F.R. §204.6) and Immigrant Investor Pilot Program ("EB-5 Regional Center Program").¹ Per the January 9th, 2009 USCIS Memo published in the *Federal Register*², the California Service Center is the USCIS office with suitable jurisdiction as required by 8 C.F.R. 204.6(b).

This cover letter and included exhibits constitute a proposal within the meaning of 8 C.F.R. 204.6(m)(3) ("Regional Center Proposal"). Under Executive Order No. 12,600 (June 1987), all departments and agencies subject to the Freedom of Information Act (FOIA) are directed to promulgate specific regulations that afford basic procedural protections to all persons or entities who submit "confidential commercial information." FOIA defines this term as "records provided to the government...that arguably contain material exempt from release under Exemption, because disclosure could reasonably be expected to cause substantial competitive harm." This Regional Center Proposal contains confidential commercial information, thereby warranting the protections accorded.

This cover letter is intended to draw the USCIS Officer's attention to the relevant information in satisfaction of the requirements of 8 C.F.R. § 204.6(m). Additionally, more detailed information is provided within the accompanying exhibits. The proposal was prepared by Joseph C. McCarthy, MS JD; a G-28 Notice of Entry of Appearance is included in EXHIBIT A.

According to recent administrative improvements, any one or all principals may be designated as Points of Contact from whom USCIS will receive correspondence. A complete list of the members of the Company, as well as the registered filings from the Delaware Secretary of State, is included in **EXHIBIT B**.

Promotion of Economic Growth with the Select Geographic Area (8 CFR § 204.6(m)(3)(i))

The geographic boundary of the ACSRC is defined by the following counties in California:

- | | |
|-------------------|-----------------|
| (1) Alameda, | (15)Butte, |
| (2) Contra Costa, | (16)Lake, |
| (3) Solano, | (17)Colusa, |

Indirect Job Creation (8 CFR § 204.6(m)(ii)); Regional or National Impact of the Regional Center (8 CFR § 204.6(m)(iv)); and Overall Economic Impact of the Regional Center ((8 CFR § 204.6(m)(iv))

The Company retained an experienced EB-5, economic consulting firm, Wright Johnson, LLC (Wright Johnson). Included in the attached application materials, USCIS will find the econometric study performed by Wright Johnson that (i.) identifies the indirect job creation, (ii.) the regional and national

impact of the regional center, as well as the (iii.) overall economic impact of the ACSRC (**EXHIBIT D**). Wright Johnson's study examines the economic impact of three (3) target industry economic sectors:

- | | |
|-----------------------------|------------------------|
| (1) Healthcare Center | (3) Alternative Energy |
| (2) Real Estate Development | |

Presently, the Company has not yet identified specific projects within any of the above business sectors. As such, the Wright Johnson report utilizes sample project ("hypotheticals"). Based on recommendations from the Company, Wright Johnson assessed the economic impact of sample projects including the corresponding NAICS codes (**NOTE:** several IMPLAN sectors overlap multiple NAICS Codes. As a result, more NAICS codes may be listed than sample projects evaluated by the Wright Johnson study)

IMPLAN input-output models for each targeted industry economic sector to show how each EB-5 investment by an immigrant investor will directly or indirectly create at least 10 jobs within the regional center and positively impact regional and national economy. Input-output models use "direct" impact estimates, typically measured as new jobs created at the site of investment by employers who occupy space made useful by the investment. Input-output models also are used to estimate potential "indirect" employment impacts resulting from a multiplier process. IMPLAN has long been accepted by the USCIS (and many other governmental agencies) as a valid economic methodology that satisfies the requirements of 8 CFR § 204.6(j)(4), 8 CFR § 204.6(m)(3)(iv) and 8 CFR § 204.6(m)(3)(v). The specific NAICS Code used for the economic model is provided within the Wright Johnson economic study.

Administrative Oversight (8 CFR § 204.6)

The Company will manage and oversee all administrative functions of the ACSRC (**EXHIBIT E**). At the recent (March 16th, 2010) USCIS forum held at the California Service Center, USCIS officials indicated that required annual Regional Center reporting will be forthcoming. As such, the Company is taking their administrative responsibilities seriously. Ms. Shuyuan Tang, attorney, will be the member responsible for administering the ACSRC and responding to USCIS requests (**see EXHIBIT B for Ms. Tang's biography**). In order to develop a compliant administration plan, Mr. McCarthy obtained a copy of the June 2007, USCIS Chief Adjudications Officer Maurice Berez Administration Letter to the Metropolitan Milwaukee Association of Commerce (MMAC), which was republished by the American Immigration Lawyers Association (AILA). This letter provides strong guidance on the administrative expectations of USCIS. These expectations were confirmed by the recent compliance letter issued by USCIS to all existing Regional Centers on December 1st, 2009 and as well as the forthcoming Form I-924A administrative document. As such, the attached regional center proposal contains a detailed description of the Company's plan to comply with itemized requirements outlined in the June 2007 MMAC letter.

Additionally, the members of ACSRC will work with all EB-5 investors and outside immigration counsel, in order to ensure consistent, high-quality I-526 and I-829 petitions to USCIS. The Company will provide all the necessary regional center business and investor documentation as required by 8 C.F.R. § 204.6(j)(1)-(6) to facilitate USCIS adjudications of I-526 and I-829 petitions.

MCADAM & MCCARTHY

The Company will follow applicable U.S. Securities and Exchange Commission rules for classifying an EB-5 investor as an "Accredited Investor," according to the definitions provided in Rules 501 of Regulation D. Each prospective EB-5 Investor will be required to complete a questionnaire that provides adequate supporting information to verify compliance with regulatory definitions. In addition to the securities or financial-related questions, the Company has provided a copy of its due diligence questionnaire which serves as early due-diligence to pre-screen interested EB-5 investors for possible immigration issues.

Finally, the ACSRC will adhere to all USCIS rules and regulations relating to confirming the legal source of funds used for investments in Company projects. The Company's designated escrow banks will comply with 31 U.S.C. 5318(i), "Due Diligence for United States Private Banking and Correspondent Bank Accounts Involving Foreign Persons." A list of banks intended to serve as escrow agents is provided (EXHIBIT F).

TEA Designations (8 C.F.R. § 204.6)

The California Department of Business, Transportation and Housing (BTH) is the delegated state agency authorized to designate areas, or outline the procedures for which future projects can be designated, for "high unemployment" areas in compliance with 8 C.F.R. § 204.6(i). These high unemployment areas qualify as Targeted Employment Areas (TEAs), which reduce the minimum EB-5 investment required under the regulations from \$1 million to \$500,000. The state agency responsible for providing unemployment statistics is the California Employment Development Department (EDD). Using this data, the California BTH recently published the census tracts and cities that qualify as a TEA in California (**EXHIBIT H**). The Company will obtain the appropriate TEA certification letters for future specific EB-5 projects and these will be included as part of an I-526 exemplar. ✓

Post-Approval Amendment (USCIS 12/11/2009 Memo, Donald Neufeld)

The included Regional Center proposal petitions for prospective investment based on hypothetical EB-5 investment models in order to demonstrate how an actual EB-5 project will create new direct & indirect jobs and positively impact the economy. Section IV and V of the December 11th, 2009 USCIS Neufeld Memo amends the EB-5 Adjudicators Field Manual (AFM) to permit post-approval Regional Center amendments or I-526 exemplars to be used for specific Regional Center investment projects. The amended AFM Chapter 22.4(a)(2)(C)-(E)(ii) outlines the procedures and benefits of amending the (1) Regional Center application, to ensure uniformity between I-526, and (2) the Regional Center Proposal, and an exemplar I-526, in order that USCIS may identify any potential issues before bona fide EB-5 Investor I-526 applications are submitted (**EXHIBIT F**).

The principals of the Company are currently working to vet several prospective EB-5 projects. Once a project is finalized, the Company will submit a *Matter of Ho* compliant business plan, a specific econometric study for the new commercial enterprise, and all of the corresponding organizational documents, offering memoranda, and capital transfer agreements. ✓

Conclusion

The proposed ACSRC application satisfies the requirements of 8 C.F.R. § 204.6; therefore, we respectfully request USCIS approval in order to begin EB-5 investment into northern California as quickly as possible.

Signed in satisfaction of 8 CFR 103.2(a)(2),

do not equate to an urban-rural classification; many counties included in Metropolitan and Micropolitan Statistical Areas, and many other counties, contain both urban and rural territory and populations. The current metropolitan statistical area definitions were announced by U.S. Office of Management and Budget (OMB) effective November 2008. The proposed ACSRC includes the following standard MSAs (**regional center county**):

- (1) 17020 Chico, CA Metropolitan Statistical Area (**Butte County**)
- (2) 20940 El Centro, CA Metropolitan Statistical Area (**Imperial County**)
- (3) 23420 Fresno, CA Metropolitan Statistical Area (**Fresno County**)

- (7) 34900 Napa, CA Metropolitan Statistical Area (**Napa County**)
- (8) 39820 Redding, CA Metropolitan Statistical Area (**Shasta County**)
- (9) 40900 Sacramento—Arden-Arcade—Roseville, CA Metropolitan Statistical Area (**El Dorado County, Placer County, Sacramento County, Yolo County**)
- (10) 41860 San Francisco-Oakland-Fremont, CA Metropolitan Statistical Area (**Marin County, San Francisco County, San Mateo County, Alameda County, Contra Costa County**)
- (11) 42220 Santa Rosa-Petaluma, CA Metropolitan Statistical Area (**Sonoma County**)
- (12) 46700 Vallejo-Fairfield, CA Metropolitan Statistical Area (**Solano County**)

Agencies in California are currently reluctant to certify rural areas without a specific project put forth by an already approved EB-5 Regional Center. Additionally, given the forthcoming 2010 census presently underway, better data will be available shortly to characterize rural areas. As such, if needed, the ACSRC will designate rural areas in the event a project is located in such.

EXHIBIT D REGIONAL CENTER ECONOMIC & JOB-CREATION IMPACT ANALYSIS

ACSRC

USCIS Economic Impact Requirements

As part of determining the projected economic impact of the Regional Center, the USCIS Adjudicators Field Manual ("AFM") Section (a)(2)(B)¹ requires that regional center proposals must demonstrate:

(ii) A detailed description of how EB-5 capital investment within the geographic area of the regional center will create qualifying EB-5 jobs, either directly or indirectly. This analysis must be supported by economically and statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported [if any], and/or multiplier tables.

(iii) A detailed prediction of the proposed regional center's predicted impact regionally or nationally on household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and outside of the geographic area of the proposed Regional Center.

USCIS adopted these procedures in satisfaction of the requirements set forth in 8 CFR § 204.6(m)(3)(i),(iv), and (v). The ACSRC, LLC ("Company") has designated three (3) target industry economic sectors for which the above impacts have been evaluated.

Economic Impact Analysis & IMPLAN Acceptability

In 1992, when Congress conceived of the Pilot Program as a vehicle for attracting investment capital into specific regional areas, Congress permitted investors to rely on proof of indirect job creation in their petitions seeking permanent residence, based on "reasonable methodologies."²

The 2002 Amendment permitted that the establishment of a regional center may be based on general predictions, contained in the proposal, concerning the kinds of commercial enterprises that will receive capital from aliens, the jobs that will be created directly or indirectly as a result, and the other positive economic effects of such capital investments. USCIS has further added that, in reference to 8 CFR 204.6(m)(3)(ii) for a Regional Center, a proposal must fully explain indirect job creation, as well as the direct and induced jobs, if any. The requirement of creating at least 10 new full-time (35 hours per week) jobs per each individual alien investor may be satisfied by showing that, as a result of the investment and the activities of the new enterprise, at least 10 jobs per alien investor will be created directly or indirectly through an employment creation multiplier effect. This may be satisfied through the submission of an economic analysis and model that shows and describes job creation for each

¹ Revised December 15th, 2009

² Section 610 of Pub. L. 102-395, as amended by section 116(a)(l) of Pub. L. 105-119 and section 402(a) of Pub. L. 106-396

category of economic activity (for example, manufacturing, food production/processing, warehousing, tourism and hospitality, transportation, power generation, agriculture, etc.)

Per USCIS general procedures, the Company defined specific business sectors (listed below) and hired a qualified economic consultant to analyze the general impact on the regional and national economy, using the regional economic model IMPLAN. IMPLAN has long been accepted by the USCIS (and many other governmental agencies) as a valid "economically and statistically valid forecasting tool" that satisfies the requirements of 8 CFR § 204.6(j)(4), and 8 CFR § 204.6(m)(3)(i),(iv), and (v).

HOOPRD 70/6.2.8

JUN 12 2007

Mr. Peter Beitzel
Metropolitan Milwaukee Association of Commerce
756 North Milwaukee Street, Suite 400
Milwaukee, WI 53202

Dear Mr. Beitzel:

By an email request to this office upon the May 1, 2007 approval and designation of the Metropolitan Milwaukee Association of Commerce's Regional Center (MMAC-RC), you asked that this office provide you with additional information on its expectations relating to the expectations of the U.S. Citizenship and Immigration Service (USCIS) regarding the administration of a regional center entity. You noted your desire to follow the correct process, document the information needed, and be aware of reporting expectations, and MMAC's basic responsibilities to appropriately manage its regional center. The following information and guidance is provided to you in response to your request.

DESIGNEE'S RESPONSIBILITIES INHERENT IN CONDUCT OF THE REGIONAL CENTER:

The regulations at 8 CFR 204.6(m)(6) require that an approved regional center in order to maintain the validity of its approval and designation must continue to meet the statutory requirements of the Immigrant Investor Pilot Program by serving the purpose of promoting economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment. Therefore, in order for USCIS to determine whether your regional center is in compliance with the above cited regulation, and in order to continue to operate as a USCIS approved and designated regional center, your administration, oversight, and management of your regional center shall be such as to monitor all investment activities under the sponsorship of your regional center and to maintain records, data and information on a quarterly basis in order to report to USCIS upon request year to date for each Federal Fiscal Year¹, commencing with the current year as follows:

¹ A Federal Fiscal Year runs for twelve consecutive months from October 1st to September 30th.

1. The principal official and point of contact of the MMAC-RC responsible for the normal operation, management and administration of the regional center.
2. How the MMAC-RC is administering its regional center and is actively engaged in supporting a due diligence screening of its alien investors' lawful source of capital and the alien investor's ability to fully invest the requisite amount of capital.
3. How the MMAC-RC is actively engaged in the evaluation, oversight and follow up on any proposed commercial activities that will be utilized by alien investors in order to create direct and/or indirect jobs through qualifying EB-5 capital investments into commercial enterprises within the regional center.
4. The name, date of birth, and alien registration number of each alien investor who makes an investment and files an EB-5 I-526 Petition with USCIS, specifying whether the petition was approved, denied, or withdrawn by the petitioner.

ACSRC REGIONAL CENTER

Title 8 Section 204.6(m)(3)(iii) of the Code of Federal Regulations requires that a regional center application includes a "detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center[.]" USCIS has interpreted the words, "amount and source of capital that has been committed to the Regional Center" to mean the capital sufficient to sustain the Regional Center distinct from immigrant investors' required capital investment in a new commercial enterprise within the Regional Center.

USCIS has interpreted the detailed statement relating to the amount and source of capital committed to the Regional Center to include: 1.) the exact amount of funds that have been dedicated to the Regional Center to accomplish the goals of the Pilot Program; 2.) the source of such funds; 3.) whether the amount is sufficient to sustain the Regional Center; and 4.) evidence that the funds have already been committed to the Regional Center.

Authorized State Agencies

In accordance with Title 8, Code of Federal Regulations Section 204.6(i), the California Employment Development Department (EDD) and the Secretary of the Business, Transportation, and Housing (BTH) agency have been delegated the authority by the State of California to designate the cities, counties, metropolitan statistical areas, and geopolitical subdivisions (census tracts) that meet the "high unemployment" definition and therefore qualify for the \$500,000 minimum investment threshold as TEAs for EB-5 program purposes. The EDD employs the Local Area Unemployment Statistics (LAUS) program endorsed by the United States Bureau of Labor Statics that reports monthly and annual employment, unemployment, and labor force data for census regions and divisions, states, counties, metropolitan areas, and many cities, by place of residence.

Regional Center TEA Designations

In accordance to 8 CFR §204.6(i), the above state agencies have been designated to identify the cities, counties, metropolitan statistical areas (MSAs) and geopolitical subdivisions (census tracts) that meet the "high unemployment" definition provided in the Code of Federal Regulations. Unemployment rates for cities, counties and census tracts are published annually. These high unemployment areas qualify as Targeted Employment Areas (TEAs), which reduce the minimum EB-5 investment required under the regulations to \$500,000 under 8 CFR 204.6(f)(2).. The State of California has decided to use the most recent calendar year labor force and unemployment estimates to establish high unemployment rates and high unemployment areas; therefore, the Business, Transportation and Housing Agency is currently using data for 2009 in these determinations.

At the discretion of the Secretary, the Business, Transportation and Housing Agency may provide designations for applicants who can prove that the proposed investment area (city, county, or census tract) is within a targeted employment area (TEA). In order to be classified as a targeted employment area, the city, county or census tract must have experienced an unemployment rate that was equal to or exceeded 150% of the 2009 national employment rate. In 2009, 150% of the average national unemployment rate was equal to 13.95%.

Attached to this Exhibit are two reports. The first report provides a list of metropolitan statistical areas, specific counties within metropolitan statistical areas, and counties with a city or town with a population of 20,000 or more. Those locations which have experienced an average unemployment rate of 150 percent of the national average, and therefore currently qualify as targeted employment areas, are listed in bold font (TEAs).

The second report provides a list of geopolitical subdivisions (census tracts) that have experienced an average unemployment rate of 150 percent of the national average and therefore qualify as targeted employment areas (TEAs).

GOVERNOR ARNOLD SCHWARZENEGGER

April 21, 2008

Ms. Barbara Q. Velarde
Chief
Office of Service Center Operations
U.S. Citizenship and Immigration Services
20 Massachusetts Avenue NW
Room 2123
Washington, DC 20529

RE: State Designation of Agency

Dear Ms. Velarde,

Under section 203(b)(5) of the Immigration and Nationality Act, 8 U.S.C. § 1153(b)(5), 10,000 immigrant visas per year are available to qualified individuals seeking permanent resident status on the basis of their engagement in a new commercial enterprise. I am writing to update your records as to the authorized California Agency to designate geographic areas as a high unemployment area ("targeted employment area") to comply with the components of the Immigration Investor Program.

As Governor of the State of California, I select the Secretary of Business, Transportation and Housing (BTH), or his or her designee, to be the authorized entity empowered to certify identified targeted employment area that meet the qualifications to be designated for the Immigration Investor Program. The Secretary of BTH will, upon request, certify by letter to the U.S. Citizenship and Immigration Services that the areas where the investments are being directed meets the definition of "high unemployment," that the data reflects the unemployment rate for the area to be in excess of 150 percent of the national average and the "targeted employment area" designation will remain in effect for the foreseeable future.

Sincerely,

A handwritten signature of Arnold Schwarzenegger in black ink.

Analysis for ACSRC as Exhibit D). Therefore, we are submitting this Project as part of the ACSRC proposal instead of being an amendment.

According to the Executive Order No. 12600 issued 06/23/1987, "Confidential commercial information" that arguably contains material exempt from release under Exemption 4 of the Freedom of Information Act, 5 U.S.C. 552(b)(4), should be protected because "disclosure could reasonably be expected to cause substantial competitive harm." Since this Project contains confidential commercial information, the protection discussed above should apply.

Organizational Documents of This Project: (Exhibit E: Including Certificate of the LP, LP Agreement, and Business License Issued by City of Hayward.)

ACSRC, LLC formed the LP according to the definition of "commercial enterprise" under 8 CFR § 204.6 (e). The LP is a special purpose entity where immigrant investors will make their qualifying EB-5 investment for a share of the equity of this limited partnership.

(Exhibit E:LP Agreement, Exhibit H: Private Placement Memorandum).

The Limited Partnership Agreement of the LP is made by and between ACSRC, LLC as the General Partner, and VABS, Inc., a Colorado Corporation registered in Nevada as a foreign corporation, as one of the Limited Partners, and other qualifying Limited Partners. (b) (4)

Specific Econometric Study for This Project (Exhibit G)

ACSRC, LLC retained an economic consulting firm, experienced in EB-5 econometric studies, Beacon, to perform the econometric study of the Project. Beacon's study indicated the new job creation from the Project, as well as the regional and additional economic impact of this Project. (b) (4)

 The USCIS has accepted IMPLAN as a valid economic methodology that satisfies the requirements of 8 CFR § § 204.6(j)(4), 204.6(m)(3)(iv) and 204.6(m)(3)(v).

PART II

RE: Form I-526 EXEMPLAR Petition under ACSRC, LLC's Actual Investment Project.

This part is regarding the Form I-526 Exemplar petition based on the above discussed Project in PART I.

Section V of the December 11, 2009 USCIS Neufeld Memorandum amends the EB-5 Adjudicators Field Manual ("AFM") Chapter 22.4(a)(2) to permit pre-approval Regional Center I-526 exemplars to be used for specific Regional Center investment projects and as part of the Regional Center Proposals. Particularly, such I-526 exemplars should contain copies of the commercial enterprises' organizational documents, capital investment offering memoranda, transfer of capital mechanisms for the transfer the alien investors' capital into the job creating enterprises, etc. (b) (4)

This I-526 Exemplar will address all the points outlined in AFM revised Chapter 22.4(c)(3) to establish the EB-5 eligibility requirements comprehensively to ensure the consistence of this Exemplar and actual I-526 petitions submitted in the future.

The Capital Investment is in a New Commercial Enterprise

Public Law 107-273 eliminated the requirement set forth in *Matter of Izummi*, 22 I&N Dec. 169 (BIA 1998) that, in order for a Form I-526 petitioner to be considered to have “created” an original business, he or she must have had a hand in its actual creation. Under the new law, an alien may “invest in” an existing business at any time following its creation, provided he or she meets all other requirements of the regulations. *Public Law 107-273, Section 11036*.

Accordingly, the LP, established on 12/20/2010 in California **(Exhibit E)**, has been qualified as a new commercial enterprise for foreign investors to “invest in”.

The New Commercial Enterprise is Located in a TEA (Exhibit K)

The LP signed a lease agreement **(Exhibit F: Attachments of Business Plan)** to rent 22455 Maple Court, Hayward, California, 94541 for (b) (4)

unemployment areas qualify as Targeted Employment Areas ("TEAs"), which reduce the required amount of capital from \$1,000,000 to \$500,000. 8 CFR § 204.6 (f) (2).

While ACSRC, LLC intended to request a TEA certification letter from BTH, the enclosed print-out from the official BTH website indicated that "[t]he Business, Transportation and Housing Agency will no longer accept petitions for TEA designation from proposed regional centers. TEA designation requests from regional centers will only be accepted if the regional center has already been approved by the U.S. Citizenship and Immigration Service (USCIS) prior to submitting the request." Therefore, since it is unlikely to request a TEA designation letter from BTH, the most recent census tract data officially published by BTH is enclosed for your review. **(Exhibit K)** The census tract number of 22455 Maple Court, Hayward, California, 94541 is 4354, which is one of the qualifying census tracts located in Alameda County, California.

Lawful sources of investment capital will be demonstrated with detailed documentation according to 8 CFR § 204.6 (j) (3) for each qualifying EB-5 investor in her/his actual I-526 petition.

The Required Amount of Capital has been Fully Committed to the New Commercial Enterprise. (Exhibit I, Exhibit K)

As discussed previously, the LP is located in a TEA. Thus, the reduced amount of \$500,000 would be the required amount for each EB-5 investor **(Exhibit K)** investing in this LP.

The enclosed Subscription Agreement, Escrow Administration Services Agreement and Subscription Escrow Agreement **(Exhibit I)** indicated that each qualifying EB-5 investor will deposit the required investment amount of \$500,000 in a designated escrow account held by the Escrow Agent. When the Escrow Agent receives a written notice from the Subscriber Representative that an EB-5 investor's actual Form I-526 petition is approved by USCIS, the Escrow Agent will disburse the full amount of funds to the LP's account.

Therefore, the Escrow Agent's approval of a designated escrow account with the full amount of \$500,000 deposited by an EB-5 investor pursuant to all the agreements in **Exhibit I** will satisfy the requirement that the required amount of capital has been fully committed to the new commercial enterprise.

The New Commercial Enterprise Will Create Not Fewer than 10 Full-time Positions. (Exhibit G)

The Alien Investor Will be Engaged in the Management of the New Commercial Enterprise. (Exhibit E)

Under 8 CFR § 204.6 (j)(5)(iii), if the petitioning alien investor is a limited partner and the limited partnership agreement provides the petitioner with certain rights, powers, and duties normally granted to limited partners under the Uniform Limited Partnership Act, the petitioner will be considered “sufficiently engaged in the management of the new commercial enterprise.”

EXHIBIT D REGIONAL CENTER ECONOMIC & JOB-CREATION IMPACT ANALYSIS

ACSRC

USCIS Economic Impact Requirements

As part of determining the projected economic impact of the Regional Center, the USCIS Adjudicators Field Manual ("AFM") Section (a)(2)(B)¹ requires that regional center proposals must demonstrate:

- (ii) A detailed description of how EB-5 capital investment within the geographic area of the regional center will create qualifying EB-5 jobs, either directly or indirectly. This analysis must be supported by economically and statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported [if any], and/or multiplier tables.
- (iii) A detailed prediction of the proposed regional center's predicted impact regionally or nationally on household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and outside of the geographic area of the proposed Regional Center.

USCIS adopted these procedures in satisfaction of the requirements set forth in 8 CFR § 204.6(m)(3)(i),(iv), and (v). The ACSRC, LLC ("Company") has designated three (3) target industry economic sectors for which the above impacts have been evaluated.

Economic Impact Analysis & IMPLAN Acceptability

In 1992, when Congress conceived of the Pilot Program as a vehicle for attracting investment capital into specific regional areas, Congress permitted investors to rely on proof of indirect job creation in their petitions seeking permanent residence, based on "reasonable methodologies."²

The 2002 Amendment permitted that the establishment of a regional center may be based on general predictions, contained in the proposal, concerning the kinds of commercial enterprises that will receive capital from aliens, the jobs that will be created directly or indirectly as a result, and the other positive economic effects of such capital investments. USCIS has further added that, in reference to 8 CFR 204.6(m)(3)(ii) for a Regional Center, a proposal must fully explain indirect job creation, as well as the direct and induced jobs, if any. The requirement of creating at least 10 new full-time (35 hours per week) jobs per each individual alien investor may be satisfied by showing that, as a result of the investment and the activities of the new enterprise, at least 10 jobs per alien investor will be created directly or indirectly through an employment creation multiplier effect. This may be satisfied through the submission of an economic analysis and model that shows and describes job creation for each

¹ Revised December 15th, 2009

² Section 610 of Pub. L. 102-395, as amended by section 116(a)(1) of Pub. L. 105-119 and section 402(a) of Pub. L. 106-396

category of economic activity (for example, manufacturing, food production/processing, warehousing, tourism and hospitality, transportation, power generation, agriculture, etc.)

Per USCIS general procedures, the Company defined specific business sectors (listed below) and hired a qualified economic consultant to analyze the general impact on the regional and national economy, using the regional economic model IMPLAN. IMPLAN has long been accepted by the USCIS (and many other governmental agencies) as a valid “economically and statistically valid forecasting tool” that satisfies the requirements of 8 CFR § 204.6(j)(4), and 8 CFR § 204.6(m)(3)(i),(iv), and (v).

510(k) Summary of Safety and Effectiveness

The following section is included as required by the Safe Medical Device Act (SMDA) of 1990.

Name: NeoMatrix, LLC
Address: 16 Technology
Suite 118
Irvine, CA 92618
CONTACT PERSON: Kevin Morton

510(k) Summary of Safety and Effectiveness

This summary of 510(k) safety and effectiveness information is being submitted in accordance with the requirements of SMDA 1990 and 21 CFR 807.92.

The assigned 510(k) number is:

Trade Name: NAFD 100
Common Name: Gastroenterology-urology biopsy Instrument
Classification Name: Same

Equivalent Devices:

Manufacturer: Pro•Duct Health, Inc
Name: Pro•Duct Catheter
Status: Currently in commercial distribution
510(k) #: K000135

Manufacturer: Nastech Pharmaceutical Company, Inc
Name: Nastech Mammary Aspiration Specimen Cytology Test
Status: Currently in commercial distribution
510(k) #: K012088

Manufacturer: Medela, Inc
Name: Medela's Breast Pump
Status: Currently in commercial distribution
510(k) #: K950750

Device Description:

The NAFD 100 is intended to non-invasively extract samples of breast duct fluid for breast cancer screening, providing a sample for a "Pap smear" for the breast.

Virtually all breast cancers originate in the epithelial cells that line the walls of fluid ducts that are present in a woman's breast. The case for routine, early breast screening is compelling. By the time a mammogram or manual clinical examination finds an abnormality, the cancerous lesion is already formed. The longer cancer has to develop in the body, it becomes stronger and more difficult to treat.

A screening test using Nipple Aspirate Fluid (NAF) would be similar to a Pap smear, allowing a physician to detect abnormalities before a breast cancer is formed, or to screen for the possible presence of cancer. The routine use of the Pap smear has reduced the incidence of cervical cancer mortality by 70%, through early screening. Breast cancer screening could reasonably be expected to yield the same type of results.

The NAFD 100 incorporates both hardware and disposable components, for use in a physician's office, and was developed to maximize patient comfort, and minimize risk to the patient. The system consists of three components:

System console
Powerhead
Disposable patient interface

Indications for Use:

The NAFD 100 (and its components) is indicated for the collection of nipple aspirate fluid for cytological evaluation. The collected fluid can be used in the determination and/or differentiation of normal versus pre-malignant versus malignant cells.

Biocompatibility:

The materials used to manufacture the NAFD 100 comply with the requirements of ISO 10993-1.

Data Supporting Substantial Equivalence:

NeoMatrix conducted laboratory and fit, form, and performance testing to demonstrate the safe and efficacy of the NAFD 100. Laboratory testing was conducted to evaluate specific device performance parameters. Fit, form and performance testing was conducted to evaluate its use on human subjects. The NAFD 100 has a collection rate of 54%, which is consistent with other collection methods currently used. From the Journal of the National Cancer Institute published study non-secretors can be expected to average of 40% of those tested.

Dear Mr. Palomares:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Page 2 – Mr. Salvatore F. Palomares

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801 and additionally 21 CFR Part 809.10 for in vitro diagnostic devices), please contact the Office of Compliance at (301) 594-4659. Additionally, for questions on the promotion and advertising of your device, please contact the Office of Compliance at (301) 594-4639. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). Other general information on your responsibilities under the Act may be obtained from the Division of Small Manufacturers, International and Consumer Assistance at its toll-free number (800) 638-2041 or (301) 443-6597 or at its Internet address <http://www.fda.gov/cdrh/dsma/dsmamain.html>

Requesting a Targeted Employment Area Designation

In accordance with Title 8, Code of Federal Regulations Section 204.6(i), the California Employment Development Department has been delegated the authority by the State of California to designate the cities, counties, metropolitan statistical areas, and geopolitical subdivisions (census tracts) that meet the "high unemployment" definition and therefore qualify for the \$500,000 minimum investment threshold as TEAs for EB-5 program purposes. Unemployment rates for cities, counties and census tracts are published annually.

The State of California has decided to use the most recent calendar year labor force and unemployment estimates to establish high unemployment rates and high unemployment areas; therefore, the Business, Transportation and Housing Agency is currently using data for 2009 in these determinations.

At the discretion of the Secretary, the Business, Transportation and Housing Agency may provide designations for applicants who can prove that the proposed investment area (city, county, or census tract) is within a targeted employment area (TEA). In order to be classified as a targeted employment area, the city, county or census tract must have experienced an unemployment rate that was equal to or exceeded 150% of the 2009 national employment rate. In 2009, 150% of the average national unemployment rate was equal to **13.95%**.

Petitioners should consider the following prior to submitting a request:

Step 1

A specific address for the proposed investment will be needed to determine the census tract number. However, if you do not have a specific address you have the option to apply for the designation based on the unemployment rates within a specific city or county (**Skip to Step 2**).

The following link will help you determine your census tract number:

http://factfinder.census.gov/servlet/AGSGeoAddressServlet?_lang=en&_programYear=50&_treeId=420

Step 2

Verify that the city, county or census tract in question qualifies as a targeted employment area (has an unemployment rate equal to or exceeding 150% of the national unemployment average for 2009) using the statistical analysis performed in one of the following links:

List of Identified High Unemployment Areas

This link takes you to a list of metropolitan statistical areas, specific counties within metropolitan statistical areas, and counties with a city or town with a population of 20,000 or more. Those locations which have experienced an average unemployment rate of 150 percent of the national average, and therefore currently qualify as targeted employment areas, are listed in bold font (TEAs).

List of Qualifying Census Tracts

This link takes you to a list of geopolitical subdivisions (census tracts) that have experienced an average unemployment rate of 150 percent of the national average and therefore qualify as targeted employment areas (TEAs).

Step 3

Once you have verified that the city, county or census tract qualifies as a TEA based on the information provided in one of the links in Step 2, print only the page (or pages) of the excel document that prove its TEA status and attach them to your email request. Please also note the address and census tract number for the property.

Note: *If you can verify that your city, county or census tract qualifies as a TEA based on the information provided in Step 3, you have two options. You can either request a State issued determination or submit the data with the petition to USCIS and USCIS can make the determination.*

Step 4

If your proposed area does not qualify based on any one of the previous criteria, do not despair. The property may meet the state's qualifications for a TEA following the next data release (in April of each year). Also, in a **limited number of cases, special designations may be granted to applicants that can provide a logical economic reasoning, one that would be recognized within the investment area or a specific industry, for why the area should be provided with a TEA designation.** The proposed area must have an unemployment rate equal to or exceeding 150% of the national unemployment average. These special requests should include any/all information necessary to justify your claim. This can be done in a variety of ways but, at minimum, the applicant must provide a 200 word description for how the proposed investment makes economic sense to the surrounding area.

Other Issues to Consider

- ▶ The Business, Transportation and Housing Agency will no longer accept petitions for TEA designation from proposed regional centers. TEA designation requests from regional centers will only be accepted if the regional center has already been approved by the U.S. Citizenship and Immigration Service (USCIS) prior to submitting the request.
- ▶ The State of California does not have the authority to designate rural areas as targeted employment areas (TEAs). If you are interested in obtaining a designation for a rural area, please see OMB 8 CFR 204.6 (i) for clarifying guidance.
- ▶ As it is important that USCIS be presented with the most current documentation when reviewing your Form I-526, Immigrant Petition by Alien Entrepreneur, requesting a letter designating a specific location as being within a TEA should be one of the very last steps you take prior to submitting your petition to USCIS.
- ▶ Letters from the Business, Transportation and Housing Agency designating a proposed investment area as a TEA are only valid until unemployment data is released for the following year. For example, letters issued in March 2010 will only be considered valid until the new data is released in April 2010.
- ▶ Please do not wait too long to submit your request to the State. Turnaround time for a letter designating a proposed investment area as a TEA is dependent upon the complexity of the request and availability of state staff to process the request. That said, you can usually expect a response within 2-3 weeks.
- ▶ As referenced in Step 3, a State issued TEA designation is **not mandatory**. An EB-5 investor has the option to gather the relevant publicly available state or federal statistics on their own and submit it with their petition for USCIS to make the TEA determination.

Requests for targeted employment area designations should be emailed to Benjamin Sarem at Benjamin.Sarem@bth.ca.gov.

Application: Request for Designation as a Regional Center
Applicant(s): Shuyuan Tang

Re: ACS Regional Center
RCW1031910079/ID 1031910079/Formerly W09002810

Pursuant to Section 610 of the Appropriations Act of 1993, as amended, on October 26, 2010, ACSRC, LLC submitted a proposal seeking approval and designation by U.S. Citizenship and Immigration Services (USCIS) of the ACSRC Regional Center.

USCIS hereby designates ACSRC, LLC as a Regional Center within the Immigrant Investor Pilot Program and approves the request as described below:

GEOGRAPHIC AREA:

The ACSRC Regional Center shall have a geographic scope which includes the following thirty (30) contiguous counties in the State of California: Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer, El Dorado, San Francisco, Santa Clara and San Joaquin.

FOCUS OF INVESTMENT ACTIVITY:

As depicted in the economic model, the general proposal, business plan and associated economic analysis, the Regional Center will engage in the following economic activity: loans to 3rd party enterprises.

The Regional Center shall focus on offering EB-5 compliant capital investment opportunities into new commercial enterprises in the following three target industry economic categories:

1. NAICS 721110 Hotels (Except Casinos) and Motels
2. NAICS 236220 Commercial and Institutional Building Construction
3. NAICS 621498 All Other Outpatient Care Centers

Note: If any investment opportunities arise that are beyond the scope of the approved industry categories, then an amendment would be required to add that category.

Aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for capital investments in new commercial enterprises located within and affiliated with the approved Regional Center area.

For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was made in a TEA designated area at the time of the alien's initial investment into the enterprise.

EMPLOYMENT CREATION

Immigrant investors who file petitions for capital investments in new commercial enterprises located within and affiliated with the Regional Center area must fulfill all of the requirements set forth in INA 203(b)(5), 8 CFR 204.6, and 8 CFR 216.6, except that the petition need not show that the new commercial enterprises created ten new jobs directly as a result of the immigrant investor's investment. The determination whether the alien investor has met the job creation requirements will be established by a review of the required initial evidence at 8 CFR 204.6(j) and 8 CFR 216.6(a)(4) for the Form I-526 and Form I-829 petitions, respectively. The capital investment and job creation activities outlined in the individual petitions must fall within the bounds of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. The immigrant investor must show at the time of removal of conditions that they performed the activities described in Form I-526 petition, and the activities must be based on the approved regional center methodology for demonstrating job creation.

The regional center has identified IMPLAN input/output model to establish indirect job creation. The indirect job creation methodology must be submitted with each Form I-526 petition, and must indicate the number of jobs that will be created as a result of the capital investment.

In addition, where job creation is claimed based on multipliers rooted in construction expenditures and direct employment at hotels and revenues of outpatient care centers, the immigrant investor's individual I-526 petition affiliated with your Regional Center, should include as supporting evidence:

- A comprehensive detailed business plan with supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of indirect and/or induced jobs to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B) and reasonable methodologies pursuant to 8 CFR 204.6(m)(7)(ii).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new indirect jobs based on multipliers mentioned above, needs to be supported by evidence showing that funds were expended in hard construction costs and proof of direct employment at hotels and revenues of outpatient care centers. Such evidence may include reasonable methodologies like multiplier tables, feasibility studies, and other economically or statistically valid forecasting devices which indicate the likelihood that the alien's investment has resulted in increased employment.

Additional Guidelines for individual Immigrant Investors Visa Petition (I-526)

Each individual petition, in order to demonstrate that it is associated with the Regional Center, in conjunction with addressing all the requirements for an individual immigrant investor petition, shall also contain as supporting evidence relating to this Regional Center designation, the following:

1. A copy of this letter, the Regional Center approval and designation.
2. A copy of the Regional Center narrative proposal and relevant business plan.

3. A copy of the job creation methodology required in 8 CFR 204.6(j)(4)(iii), as contained in the final Regional Center economic analysis which has been approved by USCIS, which reflects that investment by an individual immigrant investor will create not fewer than ten (10) full-time employment positions, either directly or indirectly, per immigrant investor. If the approval of the plan for capital investments in a given industry economic category is based upon an exemplar capital investment project, then the immigrant investor petition must also be supported by an analysis and evidence that shows that the actual capital investment in the Form I-526 petition comports to the exemplar capital investment project approved in the regional center designation and that it is otherwise EB-5 compliant.
4. A legally executed copy of the USCIS approved documents for Health Innovations, LP:
 - a. Private Placement Memorandum Sample submitted April 19, 2011
 - b. Subscription Agreement Sample submitted April 19, 2011
 - c. Escrow Agreement Sample submitted April 19, 2011
 - d. Limited Partnership Agreement Sample submitted October 22, 2010

DESIGNEE'S RESPONSIBILITIES INHERENT IN CONDUCT OF THE REGIONAL CENTER:

The law, as reflected in the regulations at 8 CFR 204.6(m)(6), requires that an approved Regional Center in order to maintain the validity of its approval and designation must continue to meet the statutory requirements of the Immigrant Investor Pilot Program by serving the purpose of promoting economic growth, including increased export sales (where applicable), improved regional productivity, job creation, and increased domestic capital investment. Therefore, in order for USCIS to determine whether your Regional Center is in compliance with the above cited regulation, and in order to continue to operate as a USCIS approved and designated Regional Center, your administration, oversight, and management of your Regional Center shall be such as to monitor all investment activities under the sponsorship of your Regional Center and to maintain records, data and information in order to provide the information required on the Form I-924A supplement. Form I-924A, Supplement to Form I-924 is available in the "Forms" section on the USCIS website at www.uscis.gov.

Effective November 23, 2010, the failure to timely file a Form I-924A Supplement for each fiscal years in which the regional center has been designated for participation in the Immigrant Investor Pilot Program will result in the issuance of an intent to terminate the participation of the regional center in the Pilot Program, which may ultimately result in the termination of the approval and designation of the regional center.

Note: The requirement for the filing of Form I-924A Supplement commences in fiscal year 2011. Each regional center that remains designated for participation in the pilot program as of September 30, 2011 must submit the Form I-924A Supplement with the required supporting documentation on or before December 29, 2011.

If you have any questions concerning the Regional Center approval and designation under the Immigrant Investor Pilot Program, please contact the USCIS by Email at USCIS.ImmigrantInvestorProgram@dhs.gov.

Sincerely,

Rosemary Langley Melville
Director

Enclosure: Form I-290B

The U.S. Citizenship and Immigration Services (USCIS) has completed its review of your proposal for ACSRC, LLC (ACSRC) to be designated as a regional center under the Immigrant Investor Pilot Program (Pilot Program). The Pilot Program was established under section 610 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act of 1993 (Pub. L. 102-395, Oct. 6, 1992, 106 Stat. 1874). For the reason stated below, the proposal is denied.

Background:

The proposed Regional Center entity, ACSRC, LLC (ACSRC), was established on July 28, 2010 in California, and is structured as a limited liability company. ACSRC is requesting jurisdiction over a geographic area within the State of California, including the 27 contiguous counties of Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer and El Dorado. ACSRC plans to offer EB-5 capital investment opportunities in affiliated new commercial enterprises, organized as limited partnerships, focusing on projects in the following industry categories:

- | | |
|-----------------|------------------------|
| 1. NAICS 721110 | Hotels |
| 2. NAICS 236220 | Construction |
| 3. NAICS 621498 | Outpatient Care Center |

The capital investment projects will involve a combination of equity investments and loans to job creating enterprises located within the proposed bounds of the Regional Center.

I. Regional Center

Section 610 of the Departments of Commerce, Justice and State, the Judiciary, and Related Agencies Appropriations Act of 1993, Pub. L. 102-395, (8 USC 1153 note), as amended by Section 402 of the Visa Waiver Permanent Program Act of 2000, Pub. L. 106-396, provides:

(a) Of the visas otherwise available under section 203(b)(5) of the Immigration and Nationality Act (8 U.S.C. 1153(b)(5)), the Secretary of State, together with the Attorney General, shall set aside visas for a pilot program to implement the provisions of such section. Such pilot program shall involve a regional center in the United States for the promotion of economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment.

(b) For purposes of the pilot program established in subsection (a), beginning on October 1, 1992, but no later than October 1, 1993, the Secretary of State, together with the Attorney General, shall set aside 3000 visas annually for five years to include such aliens as are eligible for admission under section 203(b)(5) of the Immigration and Nationality Act and this section, as well as spouses or children which are eligible, under the terms of the Immigration and Nationality Act, to accompany or follow to join such aliens.

(c) In determining compliance with section 203(b)(5)(A)(iii) of the Immigration and Nationality Act, and notwithstanding the requirements of 8 CFR 204.6, the Attorney General

shall permit aliens admitted under the pilot program described in this section to establish reasonable methodologies for determining the number of jobs created by the pilot program, including such jobs which are estimated to have been created indirectly through revenues generated from increased exports, improved regional productivity, job creation, or increased domestic capital investment resulting from the pilot program.

The regulation at 8 C.F.R. § 204.6(m) provides:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

(4) Submission of proposals to participate in the Immigrant Investor Pilot Program. On August 24, 1993, the Service will accept proposals from regional centers seeking approval to participate in the Immigrant Investor Pilot Program. Regional centers that have been approved by the Assistant Commissioner for Adjudications will be eligible to participate in the Immigrant Investor Pilot Program.

(5) Decision to participate in the Immigrant Investor Pilot Program. The Assistant Commissioner for Adjudications shall notify the regional center of his or her decision on the request for approval to participate in the Immigrant Investor Pilot Program, and, if the petition is denied, of the reasons for the denial and of the regional center's right of appeal to the Associate Commissioner for Examinations. Notification of denial and appeal rights, and the procedure for appeal shall be the same as those contained in 8 CFR 103.3.

In reviewing this proposal, USCIS has to determine whether the proposal has met all five regulatory criteria¹, and thereby will create a regional center within which aliens seeking to obtain permanent resident status under section 203(b)(5) of the Act will be able to establish successfully a new commercial enterprise (as described in 8 C.F.R. § 204.6(h)) with the qualifying investment that will benefit the United States economy and create 10 full-time jobs, including jobs indirectly through the new commercial enterprise.

II. Positive Impact on the Regional or National Economy

(b) (4)

¹ In 2000, the law renewing the Pilot Program no longer mandated job creation through increased export sales, but changed this factor to be something encouraged, but not required to be approved to participate as a regional center in the Pilot Program.

Enclosure: Form I-290B

The U.S. Citizenship and Immigration Services (USCIS) has completed its review of your proposal for ACSRC, LLC (ACSRC) to be designated as a regional center under the Immigrant Investor Pilot Program (Pilot Program). The Pilot Program was established under section 610 of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act of 1993 (Pub. L. 102-395, Oct. 6, 1992, 106 Stat. 1874). For the reason stated below, the proposal is denied.

Background:

The proposed Regional Center entity, ACSRC, LLC (ACSRC), was established on July 28, 2010 in California, and is structured as a limited liability company. ACSRC is requesting jurisdiction over a geographic area within the State of California, including the 27 contiguous counties of Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer and El Dorado. ACSRC plans to offer EB-5 capital investment opportunities in affiliated new commercial enterprises, organized as limited partnerships, focusing on projects in the following industry categories:

- | | |
|-----------------|------------------------|
| 1. NAICS 721110 | Hotels |
| 2. NAICS 236220 | Construction |
| 3. NAICS 621498 | Outpatient Care Center |

The capital investment projects will involve a combination of equity investments and loans to job creating enterprises located within the proposed bounds of the Regional Center.

I. Regional Center

Section 610 of the Departments of Commerce, Justice and State, the Judiciary, and Related Agencies Appropriations Act of 1993, Pub. L. 102-395, (8 USC 1153 note), as amended by Section 402 of the Visa Waiver Permanent Program Act of 2000, Pub. L. 106-396, provides:

(a) Of the visas otherwise available under section 203(b)(5) of the Immigration and Nationality Act (8 U.S.C. 1153(b)(5)), the Secretary of State, together with the Attorney General, shall set aside visas for a pilot program to implement the provisions of such section. Such pilot program shall involve a regional center in the United States for the promotion of economic growth, including increased export sales, improved regional productivity, job creation, and increased domestic capital investment.

(b) For purposes of the pilot program established in subsection (a), beginning on October 1, 1992, but no later than October 1, 1993, the Secretary of State, together with the Attorney General, shall set aside 3000 visas annually for five years to include such aliens as are eligible for admission under section 203(b)(5) of the Immigration and Nationality Act and this section, as well as spouses or children which are eligible, under the terms of the Immigration and Nationality Act, to accompany or follow to join such aliens.

(c) In determining compliance with section 203(b)(5)(A)(iii) of the Immigration and Nationality Act, and notwithstanding the requirements of 8 CFR 204.6, the Attorney General

shall permit aliens admitted under the pilot program described in this section to establish reasonable methodologies for determining the number of jobs created by the pilot program, including such jobs which are estimated to have been created indirectly through revenues generated from increased exports, improved regional productivity, job creation, or increased domestic capital investment resulting from the pilot program.

The regulation at 8 C.F.R. § 204.6(m) provides:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

(4) Submission of proposals to participate in the Immigrant Investor Pilot Program. On August 24, 1993, the Service will accept proposals from regional centers seeking approval to participate in the Immigrant Investor Pilot Program. Regional centers that have been approved by the Assistant Commissioner for Adjudications will be eligible to participate in the Immigrant Investor Pilot Program.

(5) Decision to participate in the Immigrant Investor Pilot Program. The Assistant Commissioner for Adjudications shall notify the regional center of his or her decision on the request for approval to participate in the Immigrant Investor Pilot Program, and, if the petition is denied, of the reasons for the denial and of the regional center's right of appeal to the Associate Commissioner for Examinations. Notification of denial and appeal rights, and the procedure for appeal shall be the same as those contained in 8 CFR 103.3.

(b) (4)

You may appeal this decision under the provisions of 8 C.F.R. § 103.3(a)(2). If you do so, your notice of appeal, and accompanying filing fee of \$630 must be received within 30 days from the date of this decision in accordance with the instructions found on Form I-290B (enclosed). Under 8 CFR 103.3(a)(2), the appeal, with fee, including any supporting documentation or brief, should be filed with **this office** for forwarding to the Administrative Appeals Office.

If no appeal is filed within the time allowed this decision is final. There is no provision in the regulations to extend the time to file an appeal. An extension of time to file a brief may be granted if good cause is shown.

P/C C30207

23-13-4-1

A request for initial designation as a Regional Center under the Immigrant Investor Pilot Program ("Pilot Program") or an amendment to an existing Regional Center designation, may also involve:

1. A request for review of an exemplar Form I-526, Immigrant Petition by Alien Entrepreneur, prior to the filing of Form I-526 petitions by individual alien entrepreneurs with USCIS and/or;
2. In the case of a Regional Center amendment request, a review of a specific capital investment project where the regional center designation involved a review of an exemplar capital investment project.

It appears that you are requesting initial designation as a Regional Center under the Pilot Program.

Background:

The proposed Regional Center entity, ACSRC, LLC ("ACSRC") was established on July 28, 2010 in California and is structured as a limited liability company ("LLC"). ACSRC is requesting jurisdiction over a geographic area within the State of California, including the 27 contiguous counties of Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer and El Dorado. ACSRC plans to offer EB-5 capital investment opportunities in affiliated new commercial enterprises, organized as LLCs, focusing on projects in the following industry categories:

- | | |
|-----------------|------------------------|
| 1. NAICS 721110 | Hotels |
| 2. NAICS 236220 | Construction |
| 3. NAICS 621498 | Outpatient Care Center |

The capital investment activities will involve either direct equity investment into a particular project or loans to the entity located within the proposed bounds of the Regional Center that will develop the project.

Indirect Job Creation (8 CFR 204.6(m)(3)(ii)):

Section 610(c) of the Departments of Commerce, Justice and State, the Judiciary, and Related Agencies Appropriations Act of 1993, as amended, allows aliens admitted under the pilot program described in this section to establish reasonable methodologies for determining the number of jobs created by the pilot program, including jobs which are estimated to have been created indirectly through revenues, improved regional productivity, job creation, or increased domestic capital investment resulting from the pilot program.

8 CFR 204.6(m)(3)(ii) requires that a Regional Center proposal must provide in verifiable detail how jobs will be created indirectly, while 8 CFR 204.6(m)(3)(v) describes the analytical tools that the Regional Center must employ when making economic and job creation predictions. It is also noted in 8 CFR 204.6(m)(1) in pertinent part that *except as provided herein, aliens seeking to obtain immigration benefits under this paragraph continue to be subject to all conditions and restrictions set forth in section 203(b)(5) of the Act and this section.*

Alameda, Contra Costa and Sacramento counties were calculated. If they are pro forma projections, provide industry statistics as supporting evidence.

Promotion of Economic Growth within the selected Geographic Area (8 CFR 204.6(m)(3)(i)):

A Regional Center's geographic area must be contiguous and clearly delineated. The Regional Center's jurisdiction over a geographic area is different than the geographic area that is a Targeted Employment Area ("TEA") which may be located within the bounds of your Regional Center's jurisdiction. These are two distinct geographic areas and concepts.

Note: For immigrant investors requesting the reduced threshold of \$500,000 based upon an investment in a TEA, the immigrant investor must when filing a Form I-526, establish at the time of filing that the investment either will be made in a TEA designated area or was made in a TEA designated area at the time of the alien's initial investment into the enterprise. TEA determinations are not made within the context of the adjudication of Regional Center Proposals and thus cannot be relied on to establish TEA eligibility in prospective Form I-526 petitions.

**RE: Response to Request for Evidence
ACSRC, LLC Regional Center Proposal (RCW1031910079)**

Dear USCIS Adjudication Officer:

I. INTRODUCTION

ACSRC, LLC. ("Company") respectfully submits the following information and documents in response to the July 28, 2011 Request for Evidence ("RFE"), for the proposed ACSRC, LLC Regional Center ("ACSRC"), under the EB-5 Immigration Program (8 U.S.C. §1153(b)(5), 8 C.F.R. §204.6), and Immigrant Investor Pilot Program ("EB-5 Regional Center Program") (hereinafter, the "RFE Response").¹ This RFE Response is intended to draw the USCIS Officer's attention to relevant information requested by USCIS in satisfaction of 8 C.F.R. § 204.6(m). The initial ACSRC application, this RFE Response and all corresponding exhibits constitute a single, comprehensive submission pursuant to 8 C.F.R. 103.2(b)(11).

A. Jurisdiction

The California Service Center is the USCIS office with appropriate jurisdiction to consider this RFE Response pursuant to the January 9, 2009 USCIS Memo published in the *Federal Register*², 8 C.F.R. 204.6(b) and 8 C.F.R. 216.6(a)(2).

B. Protection of Confidential Commercial Information

This RFE Response and the initial ACSRC application contain "confidential commercial information" that is entitled to the protections accorded by the Freedom of Information Act, 5 U.S.C. 552 ("FOIA") and Executive Order No. 12600 (June 1987). Specifically, 5 U.S.C. 552(b)(4) of the FOIA provides that "trade

secrets and commercial or financial information obtained from a person [that is] privileged or confidential" are exempt from disclosure under FOIA. In addition, Executive Order No. 12600 requires the Department of Homeland Security (and, therefore, USCIS) to promulgate regulations that afford pre-disclosure notification procedures for all persons or entities that submit "confidential commercial information." FOIA defines "confidential commercial information" as "records provided to the government by a submitter that arguably contain material exempt from release under Exemption 4 of the Freedom of Information Act...because disclosure could reasonably be expected to cause substantial competitive harm."

IV. CONCLUSION

The Company hopes that they have provided a simple, clear, and satisfactory response to USCIS's RFE requests. They look forward to participating in the Regional Center Pilot Program in 2011 to create much needed jobs in Northern California.

Kindest Regards,

Re: Regional Analysis of EB-5 Projects | ACSRC, LLC Regional Center

Dear Adjudicator:

In response to the question posed within a Request for Evidence issued on July 28, 2011 to the

(b) (4)

¹ USCIS has interpreted that while the regional center's EB-5 capital investment activity may produce a legitimate economic benefit outside its formal jurisdictional regional center boundaries, the data set used to estimate job creation should fit within the intended impact of the capital investment project. Where appropriate, regional data should be used as the basis for a regional center's job creation analysis in keeping with 8 CFR 204.6(m)(3)(i). It is understood that USCIS may not accept statewide data or data from a broader area outside a regional center as suitable for the job creation analysis when regional data is readily available that focuses solely on an RC's geographic area. However, if the prospective impacts of the capital investment project provided in the project's business plan and associated economic analysis indicate that a broader geographic area should be considered,

Additional Information for Applicants and Petitioners

General

The filing of an application or petition does not in itself allow a person to enter or remain in the United States and does not confer any other right or benefit.

Inquiries

If you do not hear from us within the processing time given on this notice and you want to know the status of this case, use InfoPass at www.uscis.gov to contact your local USCIS office or call our National Customer Service Center at 1-800-375-5283.

You should follow the same procedures before contacting your local USCIS office if you have questions about this notice.

Please have this form with you whenever you contact a local office about this case.

Requests for Evidence

If this notice asks for more evidence, you can submit it or you can ask for a decision based on what you have already filed. When you reply, please include a copy of the other side of this notice and also include any papers attached to this notice.

Reply Period

If this notice indicates that you must reply by a certain date and you do not reply by that date, we will issue a decision based on the evidence on file. No extension of time will be granted. After we issue a decision, any new evidence must be submitted with a new application or petition, motion or appeal, as discussed under "Denials".

Approval for a Petition

Approval of an immigrant or nonimmigrant petition means that the beneficiary, the person for whom it was filed, has been found eligible for the requested classification. However, approval of a petition does not give any status or right. Actual status is given when the beneficiary is given the proper visa and uses it to enter the United States. Please contact the appropriate U.S. consulate directly if you have any questions about visa issuance.

For nonimmigrant petitions, the beneficiary should contact the consulate after receiving our approval notice. For approved immigrant petitions, the beneficiary should wait to be contacted by consulate.

If the beneficiary is now in the United States and believes he or she may be eligible for the new status without going abroad for a visa, he or she should use InfoPass to contact a local USCIS office about applying here.

Denials

A denial means that after every consideration, USCIS concluded that the evidence submitted did not establish eligibility for the requested benefit.

If you believe there is more evidence that will establish eligibility, you can file a new application or petition, or you can file a motion to reopen this case. If you believe the denial is inconsistent with precedent decisions or regulations, you can file a motion for reconsideration.

If the front of this notice states that this denial can be appealed and you believe the decision is in error, you can file an appeal. You can obtain more information about these processes by either using InfoPass to contact your local USCIS office, or by calling the National Customer Service Center.

A request for initial designation as a Regional Center under the Immigrant Investor Pilot Program ("Pilot Program") or an amendment to an existing Regional Center designation, may also involve:

1. A request for review of an exemplar Form I-526, Immigrant Petition by Alien Entrepreneur, prior to the filing of Form I-526 petitions by individual alien entrepreneurs with USCIS and/or;
2. In the case of a Regional Center amendment request, a review of a specific capital investment project where the regional center designation involved a review of an exemplar capital investment project.

It appears that you are requesting initial designation as a Regional Center under the Pilot Program.

Background:

The proposed Regional Center entity, ACSRC, LLC ("ACSRC") was established on July 28, 2010 in California and is structured as a limited liability company ("LLC"). ACSRC is requesting jurisdiction over a geographic area within the State of California, including the 27 contiguous counties of Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer and El Dorado. ACSRC plans to offer EB-5 capital investment opportunities in affiliated new commercial enterprises, organized as LLCs, focusing on projects in the following industry categories:

- | | |
|-----------------|------------------------|
| 1. NAICS 721110 | Hotels |
| 2. NAICS 236220 | Construction |
| 3. NAICS 621498 | Outpatient Care Center |

The capital investment activities will involve either direct equity investment into a particular project or loans to the entity located within the proposed bounds of the Regional Center that will develop the project.

Indirect Job Creation (8 CFR 204.6(m)(3)(ii)):

Section 610(c) of the Departments of Commerce, Justice and State, the Judiciary, and Related Agencies Appropriations Act of 1993, as amended, allows aliens admitted under the pilot program described in this section to establish reasonable methodologies for determining the number of jobs created by the pilot program, including jobs which are estimated to have been created indirectly through revenues, improved regional productivity, job creation, or increased domestic capital investment resulting from the pilot program.

8 CFR 204.6(m)(3)(ii) requires that a Regional Center proposal must provide in verifiable detail how jobs will be created indirectly, while 8 CFR 204.6(m)(3)(v) describes the analytical tools that the Regional Center must employ when making economic and job creation predictions. It is also noted in 8 CFR 204.6(m)(1) in pertinent part that *except as provided herein, aliens seeking to obtain immigration benefits under this paragraph continue to be subject to all conditions and restrictions set forth in section 203(b)(5) of the Act and this section.*

It is important to note that the quality of the prospective job creation estimates provided by an econometric analysis is first and foremost predicated on the quality and reasonableness of the information and assumptions that are used as the basis for the analysis. Therefore, any business plan, exemplar or actual, provided in support of a Regional Center proposal or amendment must contain sufficient specificity to provide valid and reasoned inputs into the econometric model, if such a model is used to demonstrate job creation for EB-5 purposes. Otherwise, a determination cannot be made that the Regional Center proposal demonstrates in "verifiable detail" that the requisite jobs will be created.

Each immigrant investor must demonstrate at the time of the filing of the Form I-526 that the job-creating capital investment project is feasible and that it will create the requisite ten jobs within a reasonable time. The immigrant investor must subsequently demonstrate at the filing of the Form I-829, Petition to Remove Conditions, that the capital investment project approved in the Form I-526 has been realized in accordance with the business plan that formed the basis for the I-526 approval, and that as a result the requisite ten jobs either have or will be created within a reasonable time. Therefore, the ability of ACSRC to address the issues regarding the feasibility of each capital investment project, the validity of the economic analysis, and the timing of the EB-5 job creation is critical to the successful removal of the immigrant investor's immigration process.

(b) (4)

(b) (4)

Promotion of Economic Growth within the selected Geographic Area (8 CFR 204.6(m)(3)(i)):

A Regional Center's geographic area must be contiguous and clearly delineated. The Regional Center's jurisdiction over a geographic area is different than the geographic area that is a Targeted Employment Area ("TEA") which may be located within the bounds of your Regional Center's jurisdiction. These are two distinct geographic areas and concepts.

Note: For immigrant investors requesting the reduced threshold of \$500,000 based upon an investment in a TEA, the immigrant investor must when filing a Form I-526, establish at the time of filing that the investment either will be made in a TEA designated area or was made in a TEA designated area at the time of the alien's initial investment into the enterprise. TEA determinations are not made within the context of the adjudication of Regional Center Proposals and thus cannot be relied on to establish TEA eligibility in prospective Form I-526 petitions.

(b) (4)

Regional or National impact of the Regional Center (8 CFR 204.6 (m)(3)(iv) and 8 CFR 204.6(m)(v)):

(b) (4)

(b) (4)

Regulatory References:

The regulation at 8 CFR 204.6(m) provides, in pertinent part:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

Note that promoting economic growth through increased export sales is no longer a requirement.

RE: Response to Request for Evidence
ACSRC, LLC Regional Center Proposal (RCW1031910079)

Dear USCIS Adjudication Officer:

I. INTRODUCTION

ACSRC, LLC. ("Company") respectfully submits the following information and documents in response to the April 13, 2011 Request for Evidence ("RFE"), for the proposed ACSRC, LLC Regional Center ("ACSRC"), under the EB-5 Immigration Program (8 U.S.C. §1153(b)(5), 8 C.F.R. §204.6), and Immigrant Investor Pilot Program ("EB-5 Regional Center Program") (hereinafter, the "RFE Response").¹ This RFE Response is intended to draw the USCIS Officer's attention to relevant information requested by USCIS in satisfaction of 8 C.F.R. § 204.6(m). The initial ACSRC application, this RFE Response and all corresponding exhibits constitute a single, comprehensive submission pursuant to 8 C.F.R. 103.2(b)(11).

A. Jurisdiction

The California Service Center is the USCIS office with appropriate jurisdiction to consider this RFE Response pursuant to the January 9, 2009 USCIS Memo published in the *Federal Register*², 8 C.F.R. 204.6(b) and 8 C.F.R. 216.6(a)(2).

B. Protection of Confidential Commercial Information

This RFE Response and the initial ACSRC application contain "confidential commercial information" that is entitled to the protections accorded by the Freedom of Information Act, 5 U.S.C. 552 ("FOIA") and Executive Order No. 12600 (June 1987). Specifically, 5 U.S.C. 552(b)(4) of the FOIA provides that "trade

secrets and commercial or financial information obtained from a person [that is] privileged or confidential" are exempt from disclosure under FOIA. In addition, Executive Order No. 12600 requires the Department of Homeland Security (and, therefore, USCIS) to promulgate regulations that afford pre-disclosure notification procedures for all persons or entities that submit "confidential commercial information." FOIA defines "confidential commercial information" as "records provided to the government by a submitter that arguably contain material exempt from release under Exemption 4 of the Freedom of Information Act...because disclosure could reasonably be expected to cause substantial competitive harm."

Additional Information for Applicants and Petitioners.

General.

The filing of an application or petition does not in itself allow a person to enter or remain in the United States and does not confer any other right or benefit.

Inquiries.

If you do not hear from us within the processing time given on this notice and you want to know the status of this case, use InfoPass at www.uscis.gov to contact your local USCIS office or call our National Customer Service Center at 1-800-375-5283.

You should follow the same procedures before contacting your local USCIS office if you have questions about this notice.

Please have this form with you whenever you contact a local office about this case.

Requests for Evidence.

If this notice asks for more evidence, you can submit it or you can ask for a decision based on what you have already filed. When you reply, please include a copy of the other side of this notice and also include any papers attached to this notice.

Reply Period.

If this notice indicates that you must reply by a certain date and you do not reply by that date, we will issue a decision based on the evidence on file. No extension of time will be granted. After we issue a decision, any new evidence must be submitted with a new application or petition, motion or appeal, as discussed under "Denials".

Approval for a Petition.

Approval of an immigrant or nonimmigrant petition means that the beneficiary, the person for whom it was filed, has been found eligible for the requested classification. However, approval of a petition does not give any status or right. Actual status is given when the beneficiary is given the proper visa and uses it to enter the United States. Please contact the appropriate U.S. consulate directly if you have any questions about visa issuance.

For nonimmigrant petitions, the beneficiary should contact the consulate after receiving our approval notice. For approved immigrant petitions, the beneficiary should wait to be contacted by consulate.

If the beneficiary is now in the United States and believes he or she may be eligible for the new status without going abroad for a visa, he or she should use InfoPass to contact a local USCIS office about applying here.

Denials.

A denial means that after every consideration, USCIS concluded that the evidence submitted did not establish eligibility for the requested benefit.

If you believe there is more evidence that will establish eligibility, you can file a new application or petition, or you can file a motion to reopen this case. If you believe the denial is inconsistent with precedent decisions or regulations, you can file a motion for reconsideration.

If the front of this notice states that this denial can be appealed and you believe the decision is in error, you can file an appeal.

You can obtain more information about these processes by either using InfoPass to contact your local USCIS office, or by calling the National Customer Service Center.

A request for initial designation as a Regional Center under the Immigrant Investor Pilot Program ("Pilot Program") or an amendment to an existing Regional Center designation, may also involve:

1. A request for review of an exemplar Form I-526, Immigrant Petition by Alien Entrepreneur, prior to the filing of Form I-526 petitions by individual alien entrepreneurs with USCIS and/or;
2. In the case of a Regional Center amendment request, a review of a specific capital investment project where the regional center designation involved a review of an exemplar capital investment project.

It appears that you are requesting initial designation as a Regional Center under the Pilot Program.

Background:

The proposed Regional Center entity, ACSRC, LLC ("ACSRC") was established on July 28, 2010 in California and is structured as a limited liability company ("LLC"). ACSRC is requesting jurisdiction over a geographic area within the State of California, including the 27 contiguous counties of Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer and El Dorado. ACSRC plans to offer EB-5 capital investment opportunities in affiliated new commercial enterprises, organized as LLCs, focusing on projects in the following industry categories:

1. Healthcare Center
2. Real Estate Development
3. Alternative Energy

The capital investment activities will involve either direct equity investment into a particular project or loans to the entity located within the proposed bounds of the Regional Center that will develop the project.

(b) (4)

(b) (4)

Review of the commercial enterprise's organizational documents

A Regional Center may provide documentation for USCIS to review for EB-5 compliance within a Regional Center proposal, to include:

- Operating Agreements
- Partnership Agreements
- Subscription Agreements
- Escrow Agreements and Instructions (one for capital and one for any service fees).
- An Offering Memorandum, Private Placement Memorandum, or similar investment offering
- Memorandum of Understanding, Interagency Agreement, Contract, Letter of Intent, Advisory Agreement, or similar agreement to be entered into with any other party, agency or organization to engage in activities on behalf of or in the name of the Regional Center.
- Organizational Documents, such as articles of Incorporation, state registration documents, etc.

Each document submitted should have a version date so the specific version reviewed can be referenced in the Regional Center designation approval notice. Having this date memorialized in the approval notice will allow all parties to be aware of the specific version of the documents that USCIS reviewed.

Posting of Regional Center information on the USCIS Web site:

If the Regional Center Proposal is approved, then public contact information relating to the Regional Center will be posted on the USCIS web site. In order to provide accurate and updated information provide the following, as it relates to the Regional Center:

- Name of the Regional Center
- Public address
- Public Point of Contact

- Phone/Fax
- E-mail/Web Page

Regulatory References:

The regulation at 8 CFR 204.6(m) provides, in pertinent part:

(3) Requirements for regional centers. Each regional center wishing to participate in the Immigrant Investor Pilot Program shall submit a proposal to the Assistant Commissioner for Adjudications, which:

(i) Clearly describes how the regional center focuses on a geographical region of the United States, and how it will promote economic growth through increased export sales, improved regional productivity, job creation, and increased domestic capital investment;

(ii) Provides in verifiable detail how jobs will be created indirectly through increased exports;

(iii) Provides a detailed statement regarding the amount and source of capital which has been committed to the regional center, as well as a description of the promotional efforts taken and planned by the sponsors of the regional center;

(iv) Contains a detailed prediction regarding the manner in which the regional center will have a positive impact on the regional or national economy in general as reflected by such factors as increased household earnings, greater demand for business services, utilities, maintenance and repair, and construction both within and without the regional center; and

(v) Is supported by economically or statistically valid forecasting tools, including, but not limited to, feasibility studies, analyses of foreign and domestic markets for the goods or services to be exported, and/or multiplier tables.

Note that promoting economic growth through increased export sales is no longer a requirement.

Blake,

I reviewed Bich's draft approval for ACSRC LLC Regional Center. I agree with Bich's decision and made a few edits. He can approve the MTR filed in response to the denial issued on September 22, 2011 for regional or national impact. I've updated ICLAIMS to reflect the new geographic area and industry categories & NAICS codes. Please see the attachment. Bich can forward this draft approval to SCOPS for concurrence.

Re: ACS Regional Center
RCW1031910079/ID 1031910079/Formerly W09002810

Pursuant to Section 610 of the Appropriations Act of 1993, as amended, on October 26, 2010, ACSRC, LLC submitted a proposal seeking approval and designation by U.S. Citizenship and Immigration Services (USCIS) of the ACSRC Regional Center.

USCIS hereby designates ACSRC, LLC as a Regional Center within the Immigrant Investor Pilot Program and approves the request as described below:

GEOGRAPHIC AREA:

The ACSRC Regional Center shall have a geographic scope which includes the following twenty-seven (27) contiguous counties in the State of California: Alameda, Contra Costa, Solano, Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Plumas, Tehama, Mendocino, Glenn, Butte, Lake, Colusa, Sutter, Yuba, Nevada, Sierra, Yolo, Napa, Sonoma, Sacramento, Placer and El Dorado.

FOCUS OF INVESTMENT ACTIVITY:

As depicted in the economic model, the general proposal, business plan and associated economic analysis, the Regional Center will engage in the following economic activity: loans to 3rd party enterprises.

The Regional Center shall focus on offering EB-5 compliant capital investment opportunities into new commercial enterprises in the following three target industry economic categories:

1. NAICS 721110 Hotels (except casino hotels) and Motels
 2. NAICS 236220 Construction
 3. NAICS 621498 Outpatient Care Center
- Handwritten notes:*
TWENTY-SEVEN
San Francisco, Santa Clara, San Joaquin
commercial + Institutional Building Construction
All Others

Note: If any investment opportunities arise that are beyond the scope of the approved industry categories, then an amendment would be required to add that category.

Aliens seeking immigrant visas through the Immigrant Investor Pilot Program may file individual petitions with USCIS for capital investments in new commercial enterprises located within and affiliated with the approved Regional Center area.

For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was made in a TEA designated area at the time of the alien's initial investment into the enterprise.

EMPLOYMENT CREATION

Immigrant investors who file petitions for capital investments in new commercial enterprises located within and affiliated with the Regional Center area must fulfill all of the requirements set forth in INA 203(b)(5), 8 CFR 204.6, and 8 CFR 216.6, except that the petition need not show that the new commercial enterprises created ten new jobs directly as a result of the immigrant investor's investment. The determination whether the alien investor has met the job creation requirements will be established by a review of the required initial evidence at 8 CFR 204.6(j) and 8 CFR 216.6(a)(4) for the Form I-526 and Form I-829 petitions, respectively. The capital investment and job creation activities outlined in the individual petitions must fall within the bounds of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. The immigrant investor must show at the time of removal of conditions that they performed the activities described in Form I-526 petition, and the activities must be based on the approved regional center methodology for demonstrating job creation.

The regional center has identified IMPLAN input/output model to establish indirect job creation. The indirect job creation methodology must be submitted with each Form I-526 petition, and must indicate the number of jobs that will be created as a result of the capital investment.

In addition, where job creation is claimed based on multipliers rooted in construction expenditures and direct employment at hotels and revenues of outpatient care centers, the immigrant investor's individual I-526 petition affiliated with your Regional Center, should include as supporting evidence:

- A comprehensive detailed business plan with supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of indirect and/or induced jobs to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B) and reasonable methodologies pursuant to 8 CFR 204.6(m)(7)(ii).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new indirect jobs based on multipliers mentioned above, needs to be supported by evidence showing that funds were expended in hard construction costs and proof of direct employment at hotels and revenues of outpatient care centers. Such evidence may include reasonable methodologies like multiplier tables, feasibility studies, and other economically or statistically valid forecasting devices which indicate the likelihood that the alien's investment has resulted in increased employment.

Additional Guidelines for individual Immigrant Investors Visa Petition (I-526)

Each individual petition, in order to demonstrate that it is associated with the Regional Center, in conjunction with addressing all the requirements for an individual immigrant investor petition, shall also contain as supporting evidence relating to this Regional Center designation, the following:

1. A copy of this letter, the Regional Center approval and designation.
2. A copy of the Regional Center narrative proposal and relevant business plan.

3. A copy of the job creation methodology required in 8 CFR 204.6(j)(4)(iii), as contained in the final Regional Center economic analysis which has been approved by USCIS, which reflects that investment by an individual immigrant investor will create not fewer than ten (10) full-time employment positions, either directly or indirectly, per immigrant investor. If the approval of the plan for capital investments in a given industry economic category is based upon an exemplar capital investment project, then the immigrant investor petition must also be supported by an analysis and evidence that shows that the actual capital investment in the Form I-526 petition comports to the exemplar capital investment project approved in the regional center designation and that it is otherwise EB-5 compliant.
4. A legally executed copy of the USCIS approved documents for Health Innovations, LP:
 - a. Private Placement Memorandum (Sample submitted April 16, 2011)
 - b. Subscription Agreement (Sample submitted April 16, 2011)
 - c. Escrow Agreement (Sample submitted April 16, 2011)
 - d. Limited Partnership Agreement (Sample submitted October 22, 2010)

DESIGNEE'S RESPONSIBILITIES INHERENT IN CONDUCT OF THE REGIONAL CENTER:

The law, as reflected in the regulations at 8 CFR 204.6(m)(6), requires that an approved Regional Center in order to maintain the validity of its approval and designation must continue to meet the statutory requirements of the Immigrant Investor Pilot Program by serving the purpose of promoting economic growth, including increased export sales (where applicable), improved regional productivity, job creation, and increased domestic capital investment. Therefore, in order for USCIS to determine whether your Regional Center is in compliance with the above cited regulation, and in order to continue to operate as a USCIS approved and designated Regional Center, your administration, oversight, and management of your Regional Center shall be such as to monitor all investment activities under the sponsorship of your Regional Center and to maintain records, data and information in order to provide the information required on the Form I-924A supplement. Form I-924A, Supplement to Form I-924 is available in the "Forms" section on the USCIS website at www.uscis.gov.

Effective November 23, 2010, the failure to timely file a Form I-924A Supplement for each fiscal year in which the regional center has been designated for participation in the Immigrant Investor Pilot Program will result in the issuance of an intent to terminate the participation of the regional center in the Pilot Program, which may ultimately result in the termination of the approval and designation of the regional center.

Note: The requirement for the filing of Form I-924A Supplement commences in fiscal year 2011. Each regional center that remains designated for participation in the pilot program as of September 30, 2011 must submit the Form I-924A Supplement with the required supporting documentation on or before December 29, 2011.

If you have any questions concerning the Regional Center approval and designation under the Immigrant Investor Pilot Program, please contact the USCIS by Email at USCIS.ImmigrantInvestorProgram@dhs.gov.

Sincerely,

Rosemary Langley Melville
Director
California Service Center
