**American Liberty Regional Center, LLC (RCW1131250348)**  
**Addendum to Form I-924A**

**Part 3**

(b)(4)

**Question 1**

EB-5 investors filed I-526 petitions based on their investment in Campo Felice EB-5 Fund LLC. We have reported that the aggregate EB-5 capital investment in our original regional center during FY 2015, was . The balance of the investors' capital contribution was released to the NCE during October 2015. At the time of filing this I-924a, the full  in EB-5 capital from  investors has been released to the NCE.

**Question 2**

(a) The economic report submitted with investors' I-526 petitions for the Campo Felice I project utilized the REDYN methodology to calculate job creation. The economic report determined that in the first year  of expenditures on the project would be made in NAICS category 2362. Accordingly, of the total amount that has been transferred to the JCE for job creation to date,  has been allocated to this NAICS category.

(b) The economic report indicates that 10.8% of expenditures for the first year of the project can be attributed to NACIS category 2389. Accordingly, of the total amount transferred to the JCE for job creation to date,  has been allocated to this NACIS category.

According to the USCIS FAQ on completing the I-924A, a regional center that has no approved I-829 petitions should indicate that  jobs have been created on the I-924A form. As such, the form presently indicates . We note that a significant amount of EB-5 funds have been invested through the regional center, and many of those funds have, in fact, resulted in the creation of jobs for U.S. workers.

(c) The full name of NAICS Industry category 4234 is Professional and Commercial Equipment and Supplies Merchant Wholesalers.
